

THE ORGANWISE GUYS®

Professional Development that **INCLUDES** the evidence-based OrganWise Guys health and wellness program for students and staff!

Dr. Michelle Lombardo with Pepto (the stomach), Sir Rebrum (the brain) and Peri Stolic (the intestine)

Who: Early Childhood/Head Start programs who want to improve the health and well-being of their staff **and** students

What: Dr. Michelle Lombardo will deliver a two-hour Professional Development session to improve staff wellness as well as provide a teacher training on how to utilize the evidence-based [OrganWise Guys Early Childhood Kit](#).

When: To be scheduled at your program's convenience

Why: As an award winning author and health advocate, Dr. Lombardo is committed to improving both health and academic outcomes in our children. The OrganWise Guys is the only program in the [published literature](#) resulting in improvements in BMI percentiles, blood pressure, waist circumference and standardized test scores. Most importantly, it's FUN!

Cost: For a limited time we are offering a **special rate of \$2750.00**
The package includes the following:

- *Is Fat Really Making us Fat?* Staff Wellness Pre-service/In-service
- Teacher Training on best practices for consistent, effective health and well-being messaging in the early childhood settings using evidence-based programming

Items provided in-kind:

- The OrganWise Guys Early Childhood Kit (\$1,000 value), which includes:
 - Head Start Early Learning Outcomes Framework-linked (as well as state-specific Early Childhood standard-linked) nutrition and physical activity curriculum
 - WISERCISE! – a set of 10-minute sessions of desk-side, academic-linked physical activity
 - companion activity books - one per child
 - Foods of the Month Club membership - a social marketing campaign for the center that highlights and promotes nutrient-dense foods already being served
- Access to online resources for teachers and parents
- Travel - all travel-related expenses
